📢 Important Setup Tip for IA MONSTER EA PRO:

👉 To get the best performance, you must apply the EA to at least 5 currency pairs at the same time.

✅ Open 5 charts (e.g. XAUUSD, GBPUSD, EURUSD, USDJPY, USDCAD)
✅ Drag IA MONSTER EA PRO onto each chart separately
✅ Load the preset and enter the activation key on each one
✅ Make sure AutoTrading is enabled (green button)

💡 The EA works smarter when it monitors multiple pairs together – this helps increase trade opportunities and reduce risk.
